Professional experience

Ewerton Souza Unipessoal Lda

Founder and Technology Consultant | Jan 2025 - Present

- Provide services as a Senior Frontend Developer and Tech Lead through my own technology consultancy.
- **Aquasis - active client.** Led the restructuring of core products covering water management, sanitation, infrastructure and geographic information systems (GIS). Continue to provide services to the company.
- **Watermelon - active client.** Frontend development services under a contract between Watermelon and Ewerton Souza Unipessoal Lda. Working for the end client, Cofidis Portugal, since 1 September 2026.

Babel Group

Senior Frontend Developer and Tech Lead | Jan 2025 - Apr 2026

- Guided technical decisions and frontend architecture using Next.js, React, TypeScript and Tailwind CSS.
- Reviewed code, supported junior developers and maintained development standards.
- Collaborated on sprint planning, task estimation and technical prioritisation with product and development teams.

Earlier professional experience

Aquasis

Senior Frontend Developer | Aug 2024 - Dec 2024

- Managed frontend projects and estimated development tasks. Supported junior developers and developed new projects using React, TypeScript, Redux and Tailwind CSS.
- This historical role is distinct from the current consultancy relationship described above.

Team.it

Senior Frontend Developer | Jan 2022 - Aug 2024

- Developed and tested React applications, delivered features and improvements, and participated in technical sessions for frontend developers. TypeScript, Redux, SCSS, REST APIs, Git and Docker.

Next Engineering

React Frontend Developer | Dec 2020 - Jan 2022

- Developed features for a production web application, including an alternative product-creation layout. React, TypeScript, Redux, SCSS, Docker and Azure DevOps.

Winprovit

Fullstack Developer | Feb 2020 - Nov 2020

- Built web applications for telecommunications network-fault and service management using React, Redux, JavaScript, ASP.NET Core, Oracle and REST APIs.

GATech

Fullstack Developer | Jan 2019 - Dec 2019

- Started as an intern developing web services, including an education management application covering students, equipment, grades and attendance. JavaScript, HTML, CSS, ASP.NET Core and REST APIs.

Education
